

Child Protection in Sport & Active Leisure

This programme, endorsed by Kidscape and 4Children, is designed for those who work with children and young people in a sport or leisure setting. Its purpose is to raise your awareness of abuse and neglect, help you to recognise early signs there might be a problem, and show you how to take appropriate action.

It is important for anyone that works with children and young people in any sport or leisure capacity to be aware of their typical developmental stages and progressions of development.

This programme comprehensively covers:

- what forms child abuse can take and the effects it can have
- signs that may mean a child is suffering abuse and how to respond if a child confides in you
- processes for reporting abuse
- the child protection system
- good practice guidelines.
